Want2get on? Confirmation Chart

Confirmation Chart

The idea of this chart is to test the strength of your calling to a specific career, e.g. teaching.

As Christians we believe that God can speak to us through many different ways, and this chart attempts to capture what God could be saying to you.

Gaining an understanding of how suitable you are to a specific career or calling can be a great way of discovering if God is leading you in this direction.

Each spoke denotes a different area of indication of potential suitability for you.

Scoring

For each category, place a mark to a corresponding number level.

E.g. If you have many relevant qualifications, you could place your mark on number 4 or 5. If you don't have few relevant qualifications etc. place your mark low down the scale.

Once all eight categories have been completed a spider's web effect is created. This will provide a quick glance into some strong indicators regarding your possible fit to a particular job.

What to make of the chart?

This chart should *only* be seen as a possible indicator of suitability or God's calling on your life. If you have a low score this could suggest a skills or qualifications gap, which can be rectified. On the other hand, it might indicate potential unsuitability for a certain career.

Take it away and pray about it!
